Re: Applicable Small Business Size Standards for CERT Program

The Central Certification CERT Program has determined small business status by applying size standards promulgated by the State of Minnesota Department of Administration (“Department of Administration”). The Department of Administration’s most recent changes to these size standards pose a significant potential impact on many CERT-certified small businesses. For this reason, the CERT Program recognizes the need to evaluate the Department of Administration’s new size standards before adopting them as the applicable small business size standard.

The CERT Program will continue to apply the standards promulgated by the Department of Administration in effect on August, 7, 2012, through December 31, 2014. Please see Attachment A for the applicable standard.

This resolution is hereby agreed upon and adopted by the Central Certification CERT Program Collaborative on February 20th, 2014.

Sincerely,

The Central Certification CERT Program Collaborative Joint Powers Agreement Executive Board
